Over fifty years ago, Ridge made its first Monte Bello, and two years later its first zinfandel. Since that time, Ridge has championed single-vineyard winemaking, searching California for those rare vineyards where climate, soil, and varietal are ideally matched. Ridge Vineyards has two locations; high on Monte Bello Ridge in California's rugged Santa Cruz Mountains in Cupertino and in the heart of Sonoma County in Healdsburg.

Trinchero Family Estates was born from unwavering fortitude and a bit of good fortune. Nearly 70 years ago, when Italian immigrant Mario Trinchero left New York City in search of a better life for his family in Napa Valley, no one could have predicted the unprecedented success that followed. From the world’s first-ever White Zinfandel to some of the most-sought after vineyards in Napa, the Trinchero Family Estates of today is an enduring symbol of the American Dream.

At Hoopes Family Vineyard and Winery, we love wine and we love farming. Family owned and operated, we are dedicated to crafting wines that seamlessly capture the relationship between grape-grower and winemaker. Our wines marry old-world-farming and taste profiles with new-world fruit flavors and ripeness. Since 1999, the goal with our flagship Oakville Cabernet Sauvignon has been to capture the truest expression of our old-vine vineyard's terroir. Planted in 1983, it was previously a fruit source for a number of famous estates until we started winemaking ourselves.

Silenus Winery has been growing grapes for fifty years in what is now known as the Napa Valley sub appellation of Oak Knoll District. The winery name changed in 2008 to Silenus, named for the mentor and companion of Dionysus, the Greek god of wine. Scott Meadows has guided the winery for almost twenty years. Over time a modern barrel aging cellar and a beautiful tasting room have been added. Silenus has four wines to offer from the Oak Knoll District, and is introducing Tyros, the Napa Valley Cabernet produced at the winery. For nearly four decades, Schug Carneros Estate has crafted subtle and age-worthy wines in the cool Carneros Appellation of Sonoma County. Founded in 1980 by veteran winemaker Walter Schug and his wife Gertrud, both from Germany, the winery is now led by their children Axel, Claudia and Andrea. Sonoma-born winemaker Michael Cox joined Schug in 1995 and in 2019, Johannes Scheid, who hails from the Mosel region, took over the winemaking duties. The cellar team continues to perfect the wines while upholding the family's European winemaking philosophy of respect for terroir and elegance.

From PlumpJack in Oakville, to CADE Estate and 13th Vineyard on Howell Mountain, and Odette Estate in Stags Leap, each of our four wineries are a true reflection of their unique terroir. We believe that winemaking should honor the land, both aesthetically and ecologically. Our philosophy of making luxury wine in harmony with the environment begins in the soil of our estate vineyards. CADE Winery was the first in Napa Valley to achieve LEED Gold Certification, followed by Odette Winery. We celebrate the places our wine comes from and the people who contribute to their renowned reputation.

Founded in Santa Cruz in 2008, Birichino source from a number of carefully farmed, family-owned, own-rooted 19th and early 20th century vineyards (and a few from the late disco era). Their preference is for minimal intervention, favoring native fermentations, elevage in stainless or neutral barrels, minimal racking and fining, and avoiding filtration altogether when possible. But most critically, their aim is to make delicious wines that give pleasure, revitalize, and revive.

For five generations, the Lange family has been growing sustainable wine grapes in the Lodi Appellation and in 2006 they opened a state-of-the-art winery to showcase their passion for growing wine grapes —because great wine starts in the vineyard. Sourcing from their estate-grown, certified-sustainable vineyards encompassing nearly 7,500 acres in the Lodi and Clarksburg appellations, the Lange family's distinct advantage is their ability to provide a continuous line of quality from vine to wine.
